Sir:

The Board of Regents of the Leland Stanford Junior University, a body having corporate powers under the laws of the State of California (hereinafter Assignee), represents that it is the owner of the entire right, title and interest of the above-identified application, and also the owner of U.S. Application No. 10/198,290, filed on July 17, 2002, the assignment of which is recorded on Reel 13266, Frames 223-226.

Assignee hereby disclaims the terminal part of any patent granted on the above identified application which would extend beyond the expiration date of U.S. Application No. 10/198,290, filed on July 17, 2002.

The undersigned authorized representative of Assignee has reviewed the evidentiary documents in the chain of title of the present application identified above, and certifies that, to the best of Assignee's knowledge and belief, title is in Assignee.

Assignee hereby agrees that any patent so granted on the above identified application shall be enforceable only for and during such period that the legal title to said patent shall be the same as the legal title to U.S. Application No. 10/198,290, filed on July 17, 2002, this agreement to run with any patent granted on the above identified application and to be binding upon the grantee, its successors or assigns.

In making the above disclaimer, petitioner does not disclaim the terminal part of any patent granted on the instant application that would extend to the expiration date of the full statutory term
